

Qualitative Research Report Outline

1. Title Page

- Title of the Study
- Name of Author(s)
- Affiliation
- Date

2. Abstract

- Brief overview of the study (Purpose, Method, Key Findings)

3. Introduction

- Background of the Study
- Statement of the Problem
- Research Questions
- Purpose and Significance of the Study
- Scope and Limitations

4. Literature Review

- Theoretical Framework
- Review of Related Studies
- Gaps in Existing Research

5. Methodology

- Research Design
- Participants/Sample Selection
- Data Collection Methods
- Data Analysis Procedures
- Ethical Considerations

6. Findings/Results

- Presentation of Themes or Patterns
- Illustrative Quotes/Examples

7. Discussion

- Interpretation of Findings
- Comparison with Literature
- Implications

8. Conclusion

- Summary of Key Findings
- Contributions to Knowledge
- Recommendations (if any)
- Suggestions for Further Research

9. References

- List of Cited Works (APA/MLA/Other style)

10. Appendices

- Interview Guides, Consent Forms, etc. (if applicable)
