RE: Recommendation for [Student Name] â€“ STEM Program Application

Dear Admissions Committee,

I am writing to offer my enthusiastic recommendation for **[Student Name]** as a candidate for admission to your esteemed STEM program. As **[your position, e.g. 'their AP Physics teacher']** at **[School Name]**, I have had the privilege of teaching and mentoring **[Student Name]** for the past **[number]** years.

Throughout this time, **[Student Name]** has demonstrated exceptional aptitude in science and mathematics, consistently exhibiting analytical thinking, creativity, and a drive for excellence. Their curiosity and initiative are evident in classroom discussions and independent projects, where **[he/she/they]** routinely explores concepts beyond the standard curriculum.

In addition to academic achievements, **[Student Name]** shows strong leadership and teamwork skills. **[He/She/They]** actively participates in STEM clubs and has contributed to **[specific project, competition, or research]**, displaying perseverance and innovation.

I am confident that **[Student Name]** will make valuable contributions to your program and thrive in the challenging academic environment. Please feel free to contact me if you need further information.

Sincerely,

[Your Name]
