

# App Location Data Privacy Statement

This privacy statement explains how our application collects, uses, and safeguards your location data.

## 1. Collection of Location Data

Our app may collect your device's precise or approximate location, only with your explicit permission. This collection may occur while the app is in use or running in the background, depending on your settings and app functionality.

## 2. Use of Location Data

We use your location data to:

- Provide app features relevant to your location
- Improve and personalize your user experience
- Analyze anonymized usage patterns to enhance app functionality

## 3. Sharing of Location Data

We do not sell or rent your location data to third parties. We may share anonymized and aggregated location information with service providers who assist us in app operations, as permitted by law.

## 4. Data Retention

Your location data is retained only as long as necessary to fulfill the purposes outlined in this statement, unless a longer retention period is required by law.

## 5. Data Security

We take reasonable measures to protect your location data against unauthorized access, alteration, disclosure, or destruction.

## 6. Your Choices and Controls

You can control location data collection in your device's settings at any time. Disabling location permissions may affect certain features of the app.

## 7. Contact Us
