

In-App Purchases and Payment Information Privacy Statement

We are committed to protecting your privacy and ensuring the security of your personal and payment information. This privacy statement explains how we handle data related to in-app purchases and payment information.

Collection of Payment Information

When you make an in-app purchase, your payment information is processed securely by our payment provider (such as Apple App Store, Google Play, or other platform providers). We do not store or have access to your full payment card details.

Use of Information

- To process your purchases and deliver content or features you have bought.
- To provide customer support related to purchases.
- To comply with applicable laws and regulations.

Security

We take reasonable measures to protect your information. Transactions are encrypted and handled through the official app store or recognized third-party payment services.

Third Party Services

Please review the privacy policies of your platform provider for details on how your payment data is collected, stored, and protected by them.

Your Rights

You have the right to access, update, or request deletion of the limited purchase information we store. Contact us if you have questions about your payment or purchase data.

Contact

For any questions regarding this privacy statement or your payment information, please contact our support team.
