

Push Notification Privacy Consent Document

Introduction

This Privacy Consent Document explains how we collect, use, and manage your information in relation to push notifications sent by our website/app. Please read the following carefully before granting your consent.

Information Collected

- Device identifiers for notification delivery purposes.
- Your notification preferences (enabled/disabled status).
- Interaction data with notifications (such as whether a notification was opened).

Why We Use Push Notifications

- To provide timely updates and important information.
- To inform you about relevant offers or events.
- To enhance your user experience with our services.

Your Rights and Choices

- You can manage or withdraw your consent for push notifications at any time via your device or browser settings.
- Disabling notifications will not affect your ability to use other features of our services.
- Your personal data will not be used for unrelated marketing purposes without your express consent.

Data Security

We implement appropriate security measures to protect your information and ensure that it is accessed only by authorized personnel. Data related to push notifications is stored securely.
