Wi-Fi Network Setup Documentation Business Environment

1. Project Overview

Business Name: _____

Location/Address: _____

Date of Setup: _____

Responsible Technician: _____

Contact Person: _____

2. Network Layout Overview

Number of Access Points Installed: _____

Access Point Locations:

- _____
- _____
- _____

Network Topology Summary:

---

3. Wi-Fi Configuration

SSID Name	Network Purpose	VLAN	Authentication Type	Notes
_____	Staff / Guest / IoT	_____	WPA2-Enterprise / WPA2-PSK	
_____	Staff / Guest / IoT	_____	WPA2-Enterprise / WPA2-PSK	

Admin Wi-Fi Management Login URL: _____

4. Hardware Details

Device Type	Manufacturer/Model	Serial Number	Location	IP Address

Access Point	_____	_____	_____	_____
Router	_____	_____	_____	_____

5. Security & Policy Settings

- MAC Address Filtering: <u>   Yes / No   </u>
- Guest Network Isolation: <u>   Enabled / Disabled   </u>
- Bandwidth Limitations: <u>   Yes / No   </u>
- Firewall Rules Applied: <u>   Yes / No   </u>
- Other Policies: _____

6. Additional Notes

_____

_____

7. Maintenance & Support Information

Support Contact: _____

Maintenance Schedule: _____
