## Device Overview

| Part | Description |
|------|-------------|
| Status LED | Indicates device status |
| Reset Button | Press to reset the device |
| Power Port | Connect the power adapter here |

## Setup Instructions

1. **Connect Power:** Plug the power adapter into the IoT device and connect to a power outlet.
2. **Download App:** Download the official app from your deviceâ€™s app store.
3. **Register Device:** Open the app and follow on-screen instructions to register your device.
4. **Connect to Network:** Select your Wi-Fi network and enter the password in the app.
5. **Complete Setup:** Wait for the device status LED to indicate successful setup.

## Safety Information

- Use only the provided power adapter.
- Do not expose the device to moisture.
- Keep out of reach of small children.

## Troubleshooting

- If the device does not power on, check the power connection.
- If unable to connect to Wi-Fi, ensure credentials are correct.
- Reset device by pressing and holding the reset button for 10 seconds.
