

Smart Home Penetration Test Results Outline

1. Executive Summary

- Purpose of the Penetration Test
- Scope
- Key Findings
- Recommendations Overview

2. Introduction

- Background
- Objectives
- Testing Methodology

3. Scope

- Devices Tested
- Network Segments
- Excluded Components

4. Methodology

- Information Gathering
- Vulnerability Assessment
- Exploitation
- Post-Exploitation
- Reporting

5. Test Results

1. Device Security Overview
2. Network Security Assessment
3. Application Vulnerabilities
4. Physical Security Findings
5. Other Observations

6. Risk Assessment

- Identified Risks
- Potential Impact
- Likelihood

7. Recommendations

- Immediate Actions
- Medium-Term Improvements
- Long-Term Strategies

8. Conclusion

- Summary of Findings
- Overall Security Posture

9. Appendices

- Device Inventory
- Test Scripts
- Glossary
- References
