Biometric Data Privacy Policy

Effective Date: [Insert Effective Date]

1. Introduction

This Biometric Data Privacy Policy ("Policy") describes how [Application Name] ("App", "we", "us" or "our") collects, uses, stores, and protects biometric data when you use our mobile application.

2. What is Biometric Data?

Biometric data refers to unique physical or behavioral characteristics that can be used to identify an individual, such as fingerprints, facial recognition data, or voiceprints.

3. Types of Biometric Data Collected

- Fingerprint information
- Facial recognition data
- Voice recognition data
- Other biometric identifiers as required by app features

4. Purpose of Collecting Biometric Data

- Identity verification and authentication
- Secure user access to certain app features
- Compliance with legal or regulatory requirements

5. Storage and Protection of Biometric Data

- Biometric data is stored locally on your device (where possible) and/or securely on our servers.
- We implement industry-standard security measures to protect biometric data against unauthorized access, disclosure, or destruction.
- Biometric data will not be sold, leased, or traded to third parties.

6. Retention of Biometric Data

- Biometric data will be retained only as long as necessary to fulfill the identified purposes or as required by applicable laws.
- Upon request or account deletion, biometric data will be permanently deleted following our data retention procedures.

7. Disclosure of Biometric Data

We do not share biometric data with third parties except as required by law, regulation, or with your explicit consent.

8. Your Rights

- Access, update, or delete your biometric data
- Withdraw consent for biometric data processing
- Contact us for questions about your biometric data

9. Contact Information

If you have any questions or requests regarding this Policy, please contact us at:
[Insert Contact Email or Address]

10. Changes to This Policy

We may update this Policy from time to time. Any changes will be posted in the app and/or our website with the updated effective date.
