# Data Collection Policy

## For Location-Based Mobile Applications

This Data Collection Policy outlines how we collect, use, and protect information collected through our location-based mobile application ("the App").

## 1. Information We Collect

- **Location Data:** We collect your device's geographic location when the App is in use and, with permission, in the background.

- **Device Information:** We may collect device-specific information such as model, operating system, and unique identifiers.

- **Usage Data:** We collect information about your interactions with the App, such as features used and duration of use.

- **Account Information:** If you register an account, we collect your email, username, and any additional profile information you provide.

## 2. How We Use Your Information

- To provide location-based features and services.

- To improve and personalize user experience.

- To communicate updates and important information to users.

- For analytics and internal reporting purposes.

- To comply with legal obligations and respond to law enforcement requests, if required.

## 3. Information Sharing

- We do not sell your personal information to third parties.

- We may share limited data with service providers who assist us in operating the App, under confidentiality agreements.

- We may share information if required by law or to protect rights, property, or safety.

## 4. Data Security

We implement reasonable security measures to protect your data against unauthorized access, alteration, disclosure, or destruction.

## 5. User Control

- You may choose to enable or disable location services via your device settings at any time.

- You may request to review, update, or delete your account information by contacting us.

## 6. Changes to this Policy

We may update this Data Collection Policy periodically. We will notify users of any material changes through the App

or by other means.
