

# Smart Plug Device Operation Guide

This guide provides step-by-step instructions to set up and operate your smart plug device safely and efficiently.

## 1. Package Contents

- Smart Plug Device
- User Manual
- Warranty Card

## 2. Safety Information

- Use indoors only.
- Do not exceed the recommended load.
- Keep away from water and moisture.

## 3. Device Overview

- Power Button
- LED Indicator
- Socket Outlet

## 4. Installation Steps

1. Plug the smart device into a compatible power outlet.
2. Ensure the LED indicator blinks to signify readiness.
3. Download and open the companion mobile app.
4. Register or log in to your account.
5. Follow in-app instructions to add your plug device.

## 5. Basic Operation

- To turn the connected device on/off, use the app or the device power button.
- The LED indicator shows the current status: on (solid), off (off), setup (blinking).

## 6. App Features

- Remote on/off control
- Scheduling and timers
- Energy usage monitoring
- Voice assistant integration (if supported)

## 7. Troubleshooting

- If the device is not responding, reset by holding the power button for 10 seconds.
- Check your Wi-Fi connection and compatibility.
- Refer to the app for firmware updates.

## 8. Support

For further assistance, refer to the full user manual or contact customer support at
