

Project Billing Schedule of Values

Project Name: _____

Item No.	Description of Work	Scheduled Value	Previously Billed	This Period	Total Billed to Date	Balance to Finish	% Complete
1							
2							
3							
4							
5							
Total							

Notes:

- Fill in the appropriate values for each scheduled work item.
- Use additional rows as needed for more items.
- Scheduled Value: Contract amount allocated to each work segment.
- Balance to Finish = Scheduled Value - Total Billed to Date.
- % Complete = $(\text{Total Billed to Date} / \text{Scheduled Value}) \times 100$.
