

Subcontractor Safety Compliance Agreement

Project Name: _____

Project Location: _____

Date: ____ / ____ / ____

Subcontractor: _____

1. Purpose

This Safety Compliance Agreement establishes the requirements for safe practices to be followed by the Subcontractor at all times while performing work at the project location.

2. General Safety Requirements

1. The Subcontractor agrees to comply with all applicable federal, state, and local safety regulations and laws.
2. All workers must attend and complete project safety orientation before starting work.
3. Personal protective equipment (PPE) shall be provided and used as required for all tasks.
4. Injuries, incidents, or unsafe conditions must be reported immediately to the General Contractor's site supervisor.
5. Work areas shall be kept orderly and free from hazards at all times.

3. Safety Program

1. The Subcontractor shall maintain a written safety program and provide it upon request.
2. Weekly toolbox meetings shall be conducted and documented.
3. Equipment and tools used shall be maintained in safe condition and inspected regularly.
4. Subcontractor shall take corrective actions as directed by the General Contractor for any safety violations observed.

4. Enforcement

- Failure to comply with this agreement may result in removal from the site or termination of the subcontract.
- The General Contractor reserves the right to stop work on any unsafe operation.

By signing below, the Subcontractor acknowledges receipt and understanding of this Safety Compliance Agreement, and agrees to comply with all safety requirements as stated above.
