

Product Packaging Compliance Checklist

| Item | Description |
|--|---|
| <input type="checkbox"/> Labeling Accuracy | Check that all information on labels (product name, quantity, ingredients, warnings, manufacturer) is accurate and present. |
| <input type="checkbox"/> Regulatory Marks | Ensure all required certifications, country of origin, recycling, and compliance marks are included. |
| <input type="checkbox"/> Material Compliance | Verify that packaging materials comply with relevant regulations (e.g., food safety, RoHS, REACH). |
| <input type="checkbox"/> Barcodes & Tracking | Confirm the presence, readability, and correctness of barcodes, batch/lot numbers, and tracking codes. |
| <input type="checkbox"/> Language Requirements | Check that all required languages for the region(s) of sale are present and correct. |
| <input type="checkbox"/> Sustainability Claims | If applicable, verify that sustainability or eco-friendly claims meet recognized standards. |
| <input type="checkbox"/> Packaging Integrity | Inspect packaging for tamper-resistance, damage, leaks, and proper sealing. |
| <input type="checkbox"/> Instructions & Warnings | Ensure user instructions and safety warnings are visible, legible, and accurate. |
| <input type="checkbox"/> Final Visual Inspection | Review for overall presentation, typographic, and printing errors. |

Notes & Comments:
