Pharmaceutical Packaging Specification Document

1. Product Information

Product Name	_____
Product Code	_____
Strength / Dosage Form	_____
Intended Market	_____

2. Packaging Component Specification

Component	Material	Supplier	Spec / Grade	Dimensions	Reference Drawing
Blister Foil	_____	_____	_____	_____	_____
Bottle	_____	_____	_____	_____	_____
Label	_____	_____	_____	_____	_____

3. Packaging Configuration

Pack Size: _____
Carton Size: _____
Shipping Case: _____
No. of Units per Carton: _____

4. Printing & Labeling Requirements

- Product name, composition, batch number, expiry, and manufacturing date must be present.
- Barcoding (if required): _____
- Language requirements: _____

5. Storage & Handling

- Storage Condition: _____
- Temperature Limits: _____
- Special Precautions: _____

6. Approvals
